## 2 GROUND ADVERTISING

Ground Advertising Boards are a colourful, visual aid to enhance your company's image. The value of this '**awareness**' advertising is evident by the many National and International companies who patronise most sporting events. One major attraction of Ground Advertising is Television Coverage. There are times when a board may feature prominently on many occasions during the course of a game.

These facts, combined with the local and national newspaper 'still shots' exposure, qualifies ground advertising as a worthwhile and cost effective investment.

Only a few sites are available which can be viewed at your convenience. Ring me on 420335 and I will be pleased to show you where they are located.

## 3 MATCH BALL SPONSORSHIP

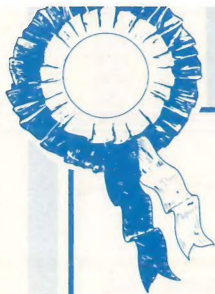

Match Ball Sponsorship is designed to provide maximum opportunity for all budget levels. To this end we have devised three packages to suit Companies, Partnerships or private individuals.

The private Match Ball Sponsors' Room is situated between the Manager's Office, the Boardroom and the Players' Dressing Rooms. The smell of liniment, sound of studs and screams from the Manager put you 'in the atmosphere' of League Football. The Package includes:

# VIEWPOINT

by EOIN HAND

It certainly was a great disappointment to lose our opening Barclays League fixture at home last Saturday. It was particularly galling when we felt we had done more than enough to secure the points. I do not think anyone could complain with the effort we put into the game.

We created more than a dozen clear openings but unfortunately could only convert the one. My thoughts are that if we continue to perform similarly throughout the season I will not be at all downhearted. However, we just have to take a higher percentage of the chances created and not let opposing teams off the hook.

Having squandered numerous opportunities the usual anxiety began to creep in and during the second half we started allowing Southend more space to play in. Obviously, this is one factor we will have to work harder at preventing.

The opening day of the season produced **seven** away wins in the Third Division. That would indicate that the tactical side of play will have a huge bearing on everything this season. Hopefully, our tactics will win through and put us among the front-runners.

Keith Edwards' signing came too late for a mention in last Saturday's programme. It is nice to be able to welcome someone of Keith's pedigree to the Club and it will be even better to see him capture that 250th League goal and then go on to score even more.

It was also nice that the popularity of the Cowshed has been maintained. Supporters who choose to stand in that area have certainly added to the vocal support the team receives and that has to be a benefit for the players.

Being paired with Bolton Wanderers in the Rumbelows League Cup presents a tough challenge. Last season we had two hard-fought draws in the League and I am sure we are in for a closely contested tie. Phil Neal has added David Burke to his squad during the summer and David will be eager to do well in his first game back at Leeds Road. Wanderers will have been delighted with their start to the season — a win at Shrewsbury is never an easy task.

The influx of supporters from across the Pennines should make for a great atmosphere tonight. I am sure we are in for a cracking cup-tie.

# EARLY DAYS

## TOWN IN THE NORTH EASTERN LEAGUE, 1908-09 No. 2

The first public meeting of the Huddersfield Town A.F.C. was held in June of 1908 and in this month the Management Committee of the North Eastern League approved the admittance of the club for the season 1908-09.

The Huddersfield Football Ground Company Limited had already been in operation for some time and had purchased the 'old showground' at Leeds Road for the purpose of hiring out. Easy public access via a branch tramline already ran to the ground. During 1907-08 the ground had been hired for local cup semi-finals and finals, and to the London and North West Cricket Club (probably a railway company) during the summer and even for sheep grazing! A tramcar had been purchased from the cricket club and was at some time used as a dressing room and a ticket office. The pitch itself ran at right angles to the present one with the main terracing running along the touchline where the present 'Cowshead' stands. Other revenue was gained through allowing tipping on the banking along the touchline which ran opposite the cowshead.

At this stage the facilities at the ground were very modest which can be illustrated by the fact that Town's registered office was at 5 Willow Lane East — the private residence of the appointed honorary secretary Mr. J. H. R. Appleyard.

Dressing rooms, besides the tramcar mentioned, alternated between 'tented' accommodation and a local hostelry before permanent dressing rooms were completed during November, 1908. Situated at the 'Top' end of the ground (the 'Town' end where the main stand is now) the 'home' dressing room faced the pitch with the visitors room at the

back. Bathing was accommodated in one room adjoining both dressing rooms.

A small roofless stand along the Leeds Road touchline was completed during October and both the Huddersfield Daily Examiner and the rival Daily Chronicle rejoiced that improved press accommodation, complete with seating was imminent!

The balance sheet for the Ground Company of December, 1908 gives the valued asset of this 'grandstand' as £114 and that of the fencing around the ground as £198.

It was into such a background that Town's first player/manager stepped on his appointment in late June, 1908. Mr. Fred C. Walker was successful over several other applicants for the post. His career included spells as captain at Barrow and Hebburn Argyle and experience with Leeds City during the 1905-6 and 1906-7 seasons, making 29 appearances for the forerunners of the United club. He made 22 appearances for Town.

## HOOLIGAN HOTLINE

In the build-up to the World Cup 1990 the National Football Intelligence Unit issued a Hooligan Hotline, number 071 230 5340. This was publicised on television and in the National Press, inviting members of the public to ring in with information on known or potential troublemakers believed to be travelling to Italy to follow England. This operation was a great success resulting in 350 calls the vast majority of which contained information and intelligence of use to the Unit.

Consequently, the Unit is continuing to operate and the number is still available. Huddersfield Town have over the years, been highly active in helping to rid the game of undesirable elements and are keen that such a stance continues.

If you have information that could be of value to the National Football Intelligence Unit then please phone the HOOLIGAN HOTLINE, 071 230 5340.

All calls are answered in strict confidence.

## WELCOME TO VISITING FANS

We would like you to know that at the end of the match you might be asked to remain in your position for a few minutes. This is to enable the bulk of the home support to disperse and so provide you with easy and safe passage to your car, coach or train.

# DRAKE'S DIGEST

## Chris Drake's Third Division Round-Up

Bookmakers have made **Tranmere Rovers** 6-1 favourites to capture the Third Division Championship after narrowly failing to take their place in the Barclays League Division Two this season. Rovers have also been tipped by Ladbroke's as favourites to be the first club to score 100 goals in the current season ahead of joint second favourites Liverpool, Newcastle United, Cardiff City and Chesterfield. They managed to score 86 goals last term with the bulk of the scoring coming from the striking partnership of Ian Muir and Chris Malkin who, along with Jim Steel, should continue to please the Prenton Park faithful.

**AFC Bournemouth** are also highly fancied at odds of 9-1 to make the quick return to the division from which they departed almost four months ago. The south coast side start the season with Stuart Morgan and Terry Shanahan in charge as manager Harry Redknapp has still to fully recover from injuries he received in a crash during the World Cup Finals. Bournemouth have just completed the signing of Barnet goalkeeper Peter Guthrie who will provide cover for Gerry Payton. 76 goals were conceded by the Cherries last season when they finished third from bottom of the division.

After being forced to sell off their Sealand Road ground at the end of last season **Chester City** face the daunting task of playing all their matches 'away from home'. It seems unlikely that they will mount any serious challenge this season having opted to play their home matches 40 miles from base at Macclesfield's Moss Road stadium. City's new owners Morrison Development's, the Edinburgh based building company have pledged £650,000 to the Football League to ensure the club returns to a new stadium in Chester by 1992. Meanwhile manager Harry McNally must survive with his small squad having lost the

services of Colin Woodthorpe sold to Norwich City for a reported fee in excess of £200,000.

In an unprecedented move for the lower divisions manager Dario Gradi has received the vote of confidence of the **Crewe Alexandra** board with the offer of a new ten-year contract. As manager at Gresty Road for the past seven years he has always emphasised the need for the development of young talent and has brought in almost £1 million in transfer fees during his reign. There were indications last season that Gradi had struck a promotion-winning side when Crewe raised themselves from a relegation position to 8th place, but they disappointed in the last eight matches.

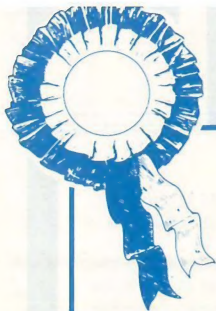

This evening's first round tie in the Rumbelows League Cup could well be the start of a money spinning run for some teams from the lower divisions. The regionalised draw for the competition, last season known as the Littlewoods Cup, was delayed by the Football League pending successful sponsorship negotiations. They were able to announce the record £5 million deal over four years with Rumbelows the electrical retailers to replace Littlewoods who were also involved for four years. **Huddersfield Town** last season had the satisfaction of taking the winners for the last two years, Nottingham Forest, all the way and only losing out on the away goal rule.

**Bolton Wanderers**, tonight's visitors, had a morale boosting 3-2 win over Second Division Watford in the second round of the competition although they made their exit against Swindon Town a round later.

Fourth Division Champions **Exeter City** reached the fourth round and their opponents Sunderland survived a nerve-racking 2-2 draw before progressing comfortably 5-2 in the Roker Park return. **Tranmere Rovers** almost disposed of mighty Spurs in round four only to be denied victory by a Gary Lineker equaliser. The First Division side made no mistakes in the replay cruising to a 4-0 win.

# VISITING TIME

The pairing of Town with Bolton Wanderers in the Rumbelows League Cup has created possibly one of the best ties of the first round. Two local clubs and two sides with genuine hopes of promotion.

Three meetings in ten days means that the clubs will certainly know a thing or two about each other.

But familiar opposition in this competition is nothing new to Bolton fans. For last season the Wanderers played Swindon Town FOUR times in the third round. Eventually, the Wiltshire club progressed thanks to a 2-1 win in the third replay.

Earlier Bolton received a shock losing 2-1 at Rochdale in the first round, first leg. But the team recovered and won the return 5-1. Then the following round brought a two legged tie with Watford which the Lancashire club won 3-2 on aggregate.

Transfer-wise the close season has been a relatively quiet one with the only major acquisition being that of David Burke. The popular, former Leeds Road left-back moved back north following an 18 month spell at Crystal Palace. Although injury and the emergence of Richard Shaw limited David's first team opportunities last season, the 30 year old's First Division experience should prove a major bonus.

**Mark Came**, defender. Joined the Wanderers from non-league Winsford United in 1984. Became a regular twelve months later but a broken leg in 1988 kept him out of the game for a long period. Forced his way back into the team last season.

**Julian Darby**, midfield. A product of the clubs youth policy who has proved to be a versatile member of the squad since making his debut in 1986. Over 150 appearances for his home town club and was an ever-present last term in which he scored 12 goals.

**Steve Thompson**, midfield. The club's longest serving professional having made his debut in November, 1982. Came through the youth ranks and has since played over 300 games in three divisions.

**Stuart Storer**, midfield/forward. Joined Bolton from Everton in January, 1988 after a loan spell. Began his career with Mansfield Town before moving to Birmingham City and then on to Goodison Park.

**Gary Henshaw**, midfield. Moved to Burnley from his only other League club, Grimsby Town, in July, 1987. He failed to command a regular place last term and spent some time on loan with Rochdale.

**Robbie Savage**, midfield. Missed most of last season through injury. First appeared in the Football League in a loan period with Wrexham from his first club Liverpool. Since played with Stoke City, Bournemouth and Bradford City from whom he joined Bolton in September, 1987.

**Paul Comstive**, midfield. Joined the Wanderers in September, 1989 from Burnley after making 82 appearances for the Turf Moor club. Began with Blackburn Rovers and his other clubs include Rochdale (loan), Wigan Athletic and Wrexham.

**Scott Green**, midfield. The 20 year old was signed from Derby County last March. He failed to appear in the first team at the Baseball ground but forced his way into the Bolton side in the latter stages of the campaign.

**David Reeves**, forward. Moved to the Wanderers from Sheffield Wednesday last summer. Joined Wednesday from non-league and got his first taste of League football in loan spells with Scunthorpe and Burnley.

**David Felgate**, goalkeeper. Commenced his career with the Wanderers but failed to make a League appearance before being sold to Lincoln City. Whilst at Sincil Bank he won his only Welsh international cap and in February, 1987 returned to Bolton via Grimsby Town.

# BOLTON WANDERERS

**Kevin Rose**, goalkeeper. Began with non-league Ledbury Town from where he moved to Lincoln City. He returned to non-league without having played for City but his next move saw him make 268 League appearances for Hereford United. Came to

Burnden Park in July, 1989.

**Phil Brown**, full-back. Club captain who has been an ever-present in the side for the past two seasons since his move from Halifax Town. He made 135 League appearances for the Shaymen after playing over 200 times for his first club Hartlepool United.

**Paul Hughes**, full-back. Came through the Wanderers youth policy to make his League debut during the Fourth Division promotion winning season of 1987-88. For the last two seasons he has been dogged with injury problems that has kept his appearances to a minimum.

**Barry Cowdrill**, full-back/midfield. Began his League career with West Bromwich Albion who secured his services from Sutton Coldfield Town. He moved to Burnden two seasons ago after 131 games for Albion and was last season's 'Player of the Year'.

**David Burke**, full-back. In his second spell with Bolton, his first League club, after moving from Crystal Palace during the close season. A former England youth international he left

Burnden and spent six years at Leeds Road making over 200 appearances before moving to Selhurst Park in 1987.

**Dean Crombie**, defender. An experienced player who commenced his League career with his home town club, Lincoln. In 1978 he moved to Grimsby Town and made over 350 appearances before coming to Burnden in 1987. Can play in either the left-back position or in central defence.

**Mark Winstanley**, defender. A 'home grown' player who made his debut in 1986. Became a regular in the side two years later and has now over 100 appearances to his credit. His consistent performances have been a feature that have attracted the attention of some First Division clubs.

**Tony Philliskirk**, forward. Last season's leading goalscorer after his close season move to Burnden from Preston North End. Began his career with Sheffield United, making 80 appearances before moving to Oldham in July, 1988 where he spent only seven months.

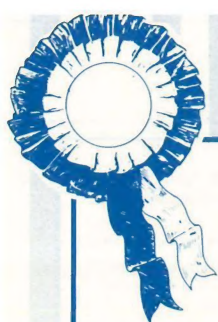

**Mike Jeffrey**, forward. Made his debut as a 17 year old in March, 1989 but failed to hold down a regular spot in the side. Was last season's leading scorer for the reserves.

**Ian Stevens**, forward. Spent the summer playing in Finland but has still to force his way into the team after joining the club in 1987. Began his career at Preston before spending a short time with Stockport County.

Back row (l to r): Paul Hughes, Barry Cowdrill, Mark Came, Mark Winstanley, Paul Comstive, Alan Stubbs, Nicky Spooner, Robbie Savage

# RECOLLECTIONS

**10 YEARS AGO . . .** Defeat in the first round of the League Cup left Town without a midweek game and early season disappointment continued at Rotherham on 30th August, 1980. A goalless draw brought Town's third consecutive point but meant both clubs still had to register a first win. A brilliant display by Andy Rankin earned the point.

For those involved in the League Cup there were one or two shocks in store. Liverpool, for example, lost to a Bobby Campbell goal at Bradford City while Wolves, the holders lost 3-1 at Cambridge. York City's good start continued and they beat

Second Division Bristol Rovers 2-1. Disappointment though for Bolton who went down 3-0 at home to Crystal Palace. All clubs still had the second legs to come.

Back in the League and Town's goalless draw was one of only three recorded. The day produced 111 goals with £1 million striker Ian Wallace scoring twice as Forest beat Stoke 5-0. But no goals for Second Division Bolton who lost 1-0 at Derby who moved to second spot.

Defeats for York and Sheffield United left Third Division Portsmouth as the only club to have won all their matches. At the other end of the division Swindon Town had lost four out of four, while Town's three points put us in 16th position.

**20 YEARS AGO . . .** Town threw off memories of defeat at Anfield when we met Arsenal at Highbury on 25th August, 1970. With Nicholson prompting well from midfield and Ellam dominant in defence it looked as though another point would be added to the tally. Then with 15 minutes to go Ray Kennedy headed the home side in front. Minutes later Bob Wilson pulled off a pair of fine saves to ensure that Kennedy's goal earned Arsenal a 1-0 win.

Arsenal's win, together with a point for Liverpool put both above Leeds at the head of Division One. However, Leeds countered with a 3-0 win over West Ham the following night.

In Division Two, Bolton's 100% record came to an abrupt end. Having won both opening games they travelled to Portsmouth but were on the receiving end of a 4-0 thrashing. However, defeat left Wanderers second, behind Birmingham City on goal average.

After the first series of games Birmingham were one of a number of clubs enjoying maximum points. Leeds in Division One, were another together with Port Vale, Fulham, Mansfield and Bradford City in Division Three. In the Fourth Northampton and Chester had collected maximum points.

**30 YEARS AGO . . .** Town were still left searching for that elusive first win following a 0-0 draw at Lincoln City on 27th August, 1960. With just one goal recorded it seemed that scoring could be a major problem. Fortunately, temporary relief was at hand because 31st August brought a 3-1 win over Swansea Town. Goals from McHale, Stokes and Massie made up somewhat for defeat in South Wales only a week earlier.

The season had also brought a disappointing start for Bolton who were also still waiting for a win. Their second defeat in three matches came 2-1 at West Ham and was soon followed by a further set-back at Wolves. Wolves were the current Cup holders and had also finished in the top five in the League. The Midlands club were showing immediate signs of strength together with Tottenham and Sheffield Wednesday who had both been Championship contenders a few months earlier.

That success was in stark contrast to a number of surprise early season failures. Manchester Utd., Preston and West Brom., three of the League's most respected clubs, were still without a point. Good news still for Peterborough. A 3-3 draw at Carlisle meant they were still unbeaten in their first League season.

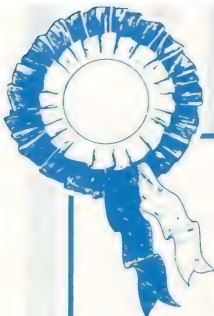

**40 YEARS AGO . . .** Town supporters enjoyed a second home win in a week on 26th August, 1950. This time our First Division victims were Portsmouth, the League Champions, who we beat 2-1 thanks to strikes by Taylor (his third of the season) and Hassall. More joy was to follow for only a couple of days later Hassall's goal at Stoke City brought another two points. It was a long time since three victories had been enjoyed in the first four games.

At last there was some joy at Burnden Park. Early defeats at Charlton and at home to Spurs, First Division newcomers, were forgotten with a 1-0 win over Manchester Utd. However, that euphoria was short lived for Tottenham soon completed the double with a 4-2 win at White Hart Lane. It was the third time in four matches that Wanderers had conceded four goals.

Portsmouth's defeat at Leeds Road showed how difficult it would be for them to retain the Championship. For after three games they were languishing near the foot of the table with just a single point.

Generally, it was a good day for Yorkshire clubs. Middlesbrough won in Division One, while Leeds Utd., Barnsley, Doncaster and Hull City were successful in Division Two.

# YOUNG TERRIERS

Welcome back all YTs (and indeed all other Town supporters) to what I'm sure everyone hopes will be a successful season for Huddersfield Town.

Talking of success, the YTs themselves seem to be going from strength to strength at the moment — 49 new members enrolled with us last season alone. Even so, we are always on the lookout for new members, and anyone interested can contact Chris Patzelt in the Leeds Road Office or simply come down to Huddersfield Sports Centre on a 'home' Saturday (from 12 noon onwards) and see what the YTs are all about. There's no obligation to join and parents are welcome to come along too.

I hope our first meeting of the season (last Saturday) went without any hitches and you all enjoyed playing your favourite 5-a-side. Shortage of helpers meant I sat in the stand with you all, but I was on my best behaviour as Susan says all I do is "rip you off then beat you up if you argue!" If that is true (and I'll leave you to decide that) why is it that I end up with all the bruises?!

Michelle and Sarah's tuck shop showed great profits last season (including the 'extra' made on our trip to Notts. County) so the

message to the YTs is to keep eating!

Next Sunday two teams of Young Terriers will be taking part in a 5-a-side competition at Stoke City. The YTs are one of eight groups of junior supporters who have been invited to take part and I am sure they will do us proud.

Good luck (as always) to the lads tonight in their quest to reach Wembley — perhaps we'll get another crack at Forest this season!

Best Wishes — RICHARD.

# PAUL'S PAGE

It is with mixed emotions that I welcome Bolton Wanderers to Leeds Road tonight in this first leg of the Rumbelows League Cup.

Such is the tradition of football, that your first club always holds a special place in your heart. I joined Bolton (my home town club) in 1966 as a young apprentice straight from school. After a two year apprenticeship I was soon introduced to the helter-skelter of football fortune.

Bill Riding, the Wanderers' manager, called me into his office one day and told me I would never make it as a professional player. "You had better start looking for a job", he told me. But lady luck took over and, within two weeks,

Bill Ridings' seven year stint as manager was to come to an abrupt end and Nat Lofthouse, the Lion of Vienna, took over.

Three weeks later I made my debut in the Second Division and sixteen years as a professional footballer followed. I soon had the opportunity to pay Nat Lofthouse back because two years after my debut Nat called me into his office and told me that the club was in dire straights financially and, although they didn't want me to go, the record transfer fee from Burnley would keep the club alive.

Nat is now Life President at Bolton Wanderers. I have tremendous respect for the man. He and I have remained friends all these years and I hope to see him for a drink after the match tonight to chat about old times (and celebrate Town's victory!). Sorry, Nat.

## HELPING HOLLY BANK

Mr. Trevor Hodkinson, Head of Holly Bank Special School, is pictured receiving a cheque for £100 from Town midfielder player Robert Wilson watched by Town Commercial Manager Tony Flynn. Knowing that the Holly Bank Appeal had not reached its target, Tony took the opportunity to enter the school in a draw being conducted by the publishers of "Supporters' Guide to Football League Grounds".

How pleased was everyone concerned to hear that Holly Bank had won the first prize of £100! Donations to the appeal are still welcome — for details of how you can help, contact Trevor at the School.

## HELPING THE GAME

*A fine new stand – one of the many initiatives supported by Trust funds.*

The Football Trust 1990 has been created to help the game at all levels and to assist clubs meet the requirements of Lord Justice Taylor's final report.

Safety and comfort for all spectators is the primary objective and substantial funds have been made available for the provision of seating at Football League grounds. At the same time the Trust's commitment to family and community initiatives will continue with the provision of more family enclosures, better toilet facilities, covered accommodation, artificial pitches for local use and the development of women's and junior football particularly through community programmes, plus a wide range of policing and crowd control measures.

Each year The Trust expects to receive £20 million from the reduction in Pool Betting Duty plus the £10 million continuing contribution from the Spotting-the-Ball competition organised by Littlewoods, Vernons and Zetters. This money will be invested in projects which benefit football throughout the United Kingdom.

# IN THE WINGS

## Spotlight on the Reserves & Juniors

### Town Jun. 7 v Sheff. U. Jun. 1

A fine start to the season but, as has been said so often before, the result is not the all important factor at this level. Naturally, it is always nice to win, and win well, but individual performances and attitude should be the major criteria.

We fielded four junior professionals in Simon Charlton, Kevin Donovan, Simon Ireland and Brian Byrne against what appeared to be a relatively young Bramall Lane outfit. Within no time we had raced into a two goal lead through Jonathan Dyson and Simon Ireland. Chris Billy added another as did Kevin Donovan with a delightful chip to give us a 4-1 half-time lead. Further goals after the break from Kevin Kelly, Simon Ireland again and sub Simon Collins completed the scoring.

TEAM: Thompson, Johnson, Charlton, Kelly, Thomas, Dyson, Donovan, Stocchero (Collins), Ireland, Billy, B. Byrne (Mooney).

By and large the club uses a system of breaking new YTS boys in gently. Over the first three months the lads become conditioned to what is expected of them and their progress is carefully monitored. We feel it important to play the youngsters at the right time, rather than throw them all in at the deep end. So far Simon Collins is the new trainee who is most likely to be pushing for a place. Simon is closely followed by Tommy Mooney who has joined us from Belfast Celtic. Of the other three Marc Forrest and John Dysart are currently on the injured list while Andy Booth shows a lot of potential but is not yet physically strong enough.

Given time all the lads will be given their chances but, in the main, the junior side will be built around the second year trainees. This is a vital season for them to prove what they are capable of and they will receive priority in selection.

*Kevin Donovan — a hat-trick against Liversedge*

This year we are delighted that the whole of our youth policy is to be sponsored by Harcross. Last year Harcross sponsored our Under 16 side in the Yorkshire Conference but the arrangement has been extended to incorporate the youth team and a new Under 15 squad. We all feel that continually monitoring youngsters from School of Excellence upwards is important for the wellbeing of the club. The support shown by Harcross in enabling us to do so is invaluable to say the least.

Over the past few weeks the reserves have played a series of friendlies against local opposition. Results were:-  
Eccleshill Utd. 3-4, Haylock, Duggan, Cecere  
Garforth Town 3-2, Billy (2), Cecere  
Ossett Town 0-2

Guiseley 1-1, M. Wilson  
Liversedge 7-0, Donovan (3), Onuora (2),  
Cecere, M. Byrne

# SURVEYING THE SCENE

## Melvyn Booth's Leeds Road Review

Town's assistant manager Peter Withe celebrates his 39th birthday on Thursday and has seen more seasons kick-off as a professional player than most.

You might think it would be hard to get motivated after 20 years at League level, but Peter's enthusiasm never wanes.

The former England and First Division star has been just as keyed up for another crack at Division Three as any of the senior squad.

And his appetite was sharpened prior to Saturday's Barclays League opener against Southend United by Town's performance in the 3-2 Diamik Yorkshire and Humberside Cup defeat by Doncaster Rovers at Belle Vue.

It was Town's final pre-season fixture and their only domestic defeat (they lost 1-0 in the opening tour of Ireland match against Shelbourne).

"It has been a different picture in the build-up to this season than it was to last," explained Peter. "Last season we went right through to September at Tranmere Rovers before we lost a game of any sort.

"That's the sort of thing we want to encourage, of course, and it wasn't until March time that the results started to go badly against us.

"This time around we had a bad result at Doncaster before the League programme began and that, perhaps, was no bad thing as far as our preparations were going.

"It made us aware of certain points where we were vulnerable and gave everyone a sharp reminder, a kick up the backside if you like,

*Peter Withe*

that we've got to work hard at all times.

There is no way you can entertain complacency of any sort at this time of year or any other."

So is Eoin Hand's second in command optimistic about the prospects for this season?

"It boils down to everyone being in the right professional frame of mind to do the job," he said.

"We have shown an improvement over each of the last two seasons and I would like to think that will be the case again this time around.

"Starting a season like this is a new experience for some of our players but I would think that everyone is totally keyed in to what we expect from them and what their jobs as individuals are."

# REPORTING IN

Well, here we go again, the curtains are opening for another season bringing joy and hope to football clubs throughout the land.

The starting line-ups may have changed since May but the optimism among supporters, players and managers for 1990-91 hasn't changed, it's still high.

After an excellent British effort in the Italia '90 World Cup and re-admittance into European football with Aston Villa and Manchester United, the English game has certainly taken a turn for the better and not before time.

Like many others, I was glued to the coverage of the World Cup and watched almost every game. Comparing the gamesmanship and discipline displayed by our British teams, with the Argentinian hot blooded affairs could be appropriately titled 'The Good, The Bad and The Ugly'.

As ever Will Venters and I have been staring into our crystal footballs looking forward to this season with an eye on the various ups and downs in all four divisions. So this is how the season will probably not end.

# TOWN STUMPED

22nd July brought our annual visit to the Memorial Park at Mirfield for a charity cricket match with Dewsbury Moorlands C.C. As defending champions, captain Steve Hardwick was confident that Town could retain the trophy and a second wicket partnership between Kevin Donovan and Dudley Lewis yielded 85 runs. Who said that Welshmen could not play cricket? Later Simon Trevitt and Stephen Thomas produced a quickfire fifty partnership including one over that brought 21 runs. But Moorlands retaliated with the final six wickets costing only a handful of runs.

The lads fought hard to defend their 170 run total and only ten runs came from our opening attack's first seven overs. Simon Trevitt made the first breakthrough with the score on 45 with Kevin Kelly taking a second wicket. Kevin's bowling analysis after four overs read 4-4-0-1.

Eventually, an unbroken fifth wicket stand of 69 steered Moorlands to victory with an over to spare.

# ON THE MOVE

It's been a case of not just one Edwards arriving over the last fortnight, but two. Last week prolific goal scorer Keith Edwards arrived at Leeds Road following his transfer from Stockport County. A week earlier Neil Edwards had been signed on loan from Leeds United as goalkeeping cover following Lee Martin's injury.

33 year old Keith is hardly a 'new' face for he finished last season on loan with us. During that spell he scored four times in eleven starts which took his Football League haul to the 249 mark. Since May the Sheffield-based marksman has been eager to move here on a permanent basis and he put pen to paper for a two year deal last Thursday morning.

Keith, naturally, went straight into the first team squad and ironically faced new Southend forward Brett Angell who was his striking partner at Edgeley Park. In a 15 year playing career Keith's League record is:-

	Pld	Gls
1975-78 Sheffield Utd. ....	70	29
1978-81 Hull City. ....	132	57
1981-86 Sheffield Utd. ....	191	114
1986-87 Leeds United. ....	38	6
1988-89 Hull City. ....	53	29
1989-90 Stockport Co. ....	27	10
1990- Huddersfield Town ..	10	4
<b>Totals</b>	<b>521</b>	<b>249</b>

*Keith Edwards*

19 year old Neil Edwards followed the route from Leeds taken by Neil Parsley only a few weeks earlier. But the Welshman's move is only on a temporary basis. Neil arrived as a precaution when Lee Martin was ruled out for a month. With Steve Hardwick being the club's only fit goalkeeper, the need for emergency cover was apparent.

The Aberdare born keeper has developed via the Leeds youth and reserve team ranks and the arrival of John Lukic from Arsenal and Tony O'Dowd from Shelbourne allowed Howard Wilkinson to agree to the move. Neil is likely to be on view in tomorrow's reserve line-up.

*Mike Cecere*

As one striker arrived another was heading to the Midlands. Mike Cecere, signed from Oldham Athletic in November, 1988 has moved to Walsall on loan. Walsall, who took Chris Hutchings on a free transfer last month, will be eyeing Mike with a view to signing him permanently. Mike, aged 22 years, drove down the M6 last Thursday to link-up with his former captain at Walsall's new Bescott Stadium.

*Peter Maguire*

With the season just two days old Peter Maguire was heading west along the M62 to Stockport County. Peter, who joined us from Leeds United last season, has signed on a month's loan at Edgeley Park with a view to a permanent deal. The Honley based player made three appearances as a substitute for us in the Barclays League last term.

## MARTIN MAKES HISTORY

Hampshire referee John Martin made history on Saturday when he took charge of the Tottenham Hotspur v Manchester City game. The super-fit 51-year-old, who officiated at last year's League Cup Final, is the first referee to be retained by the League for a fourth year extension to his career beyond the normal retirement age of 48.

The League have always recognised the value of experience and Mr. Martin is amongst seven officials retained beyond the normal retirement age. Brian Stevens (Stonehouse, Glos.) and Lester Shapter (Torquay) have accepted invitations for a third year extension to their League careers. World Cup referee George Courtney (Spennymoor) and Roger Milford (Bristol) have had their service extended for a second season, while Alan Seville (Birmingham) and Tony Ward (London) for an initial season.

The League have also appointed seven new referees, including Ray Shepherd of Leeds who took charge of our Diamik Yorkshire and Humberside Cup match with Scunthorpe United.

## FIRST LIVE GAME

Guess who's going to be shown live on the box first? Just to be different, ITV have decided to show the Liverpool v Manchester United clash on Sunday 16th September.

## DISCIPLINE IMPROVES

The England team's success in winning the FIFA Fair Play trophy at the World Cup reflects the growing trend within the professional game, where, for the third year running, player discipline has again shown an improvement on the previous season.

Last year's figures show a 7% drop in cautions and a 3% decrease in dismissals.
